it can support the fact results and potential benefits to research. The questionnaire will be designed to see if there are any correlations among the various variables and performance. If you have any questions relate to the questionnaire used in the study, or if you have any comments about your survey or writing process, please let the researchers know. Information about controlling services is attached in packet for your reference to feel free to write or send feedback via email.

White and Zimmerman: There are several important documents that you might request, if you are pursuing this research. These include a birth certificate and a death certificate. These records will be given with basic information and you may wish to take the time to request them.

Possible benefits: We've cut down on my year's work, broadened my knowledge, and made me a stronger, fit member who helps to understand how we communicate and use your information resources on a system. Systems built and created and improved to meet your goals, for greater to improve both the experience and performance of services in many domains: reliability, efficiency, stability, automatic self-healing, simplicity, low response, and low cost (free).

Interventions may include a risk reduction programme based on a survey, high quality, monitoring and feedback for the study. The research team will review the risks with participants using the information sheet provided and participants can choose not to participate in the study at any time.

As responsible conductors under Clarendon University's Title IX policies, we are committed to reporting incidents of sexual misconduct. Clarendon University is committed to sexual violence involving a member of the Clarendon University community.

[illegible]

The results of this study may be published in scientific journals, professional publications, or other media sources.

The information contained during this study could be used for future research studies in relation to how the Internet affects the way we conduct business, that is, the role of Internet in our lives and the way it affects our legal rights and responsibilities.
